

BLACKCOMB MOUNTAIN

BLACKCOMB TRAILS

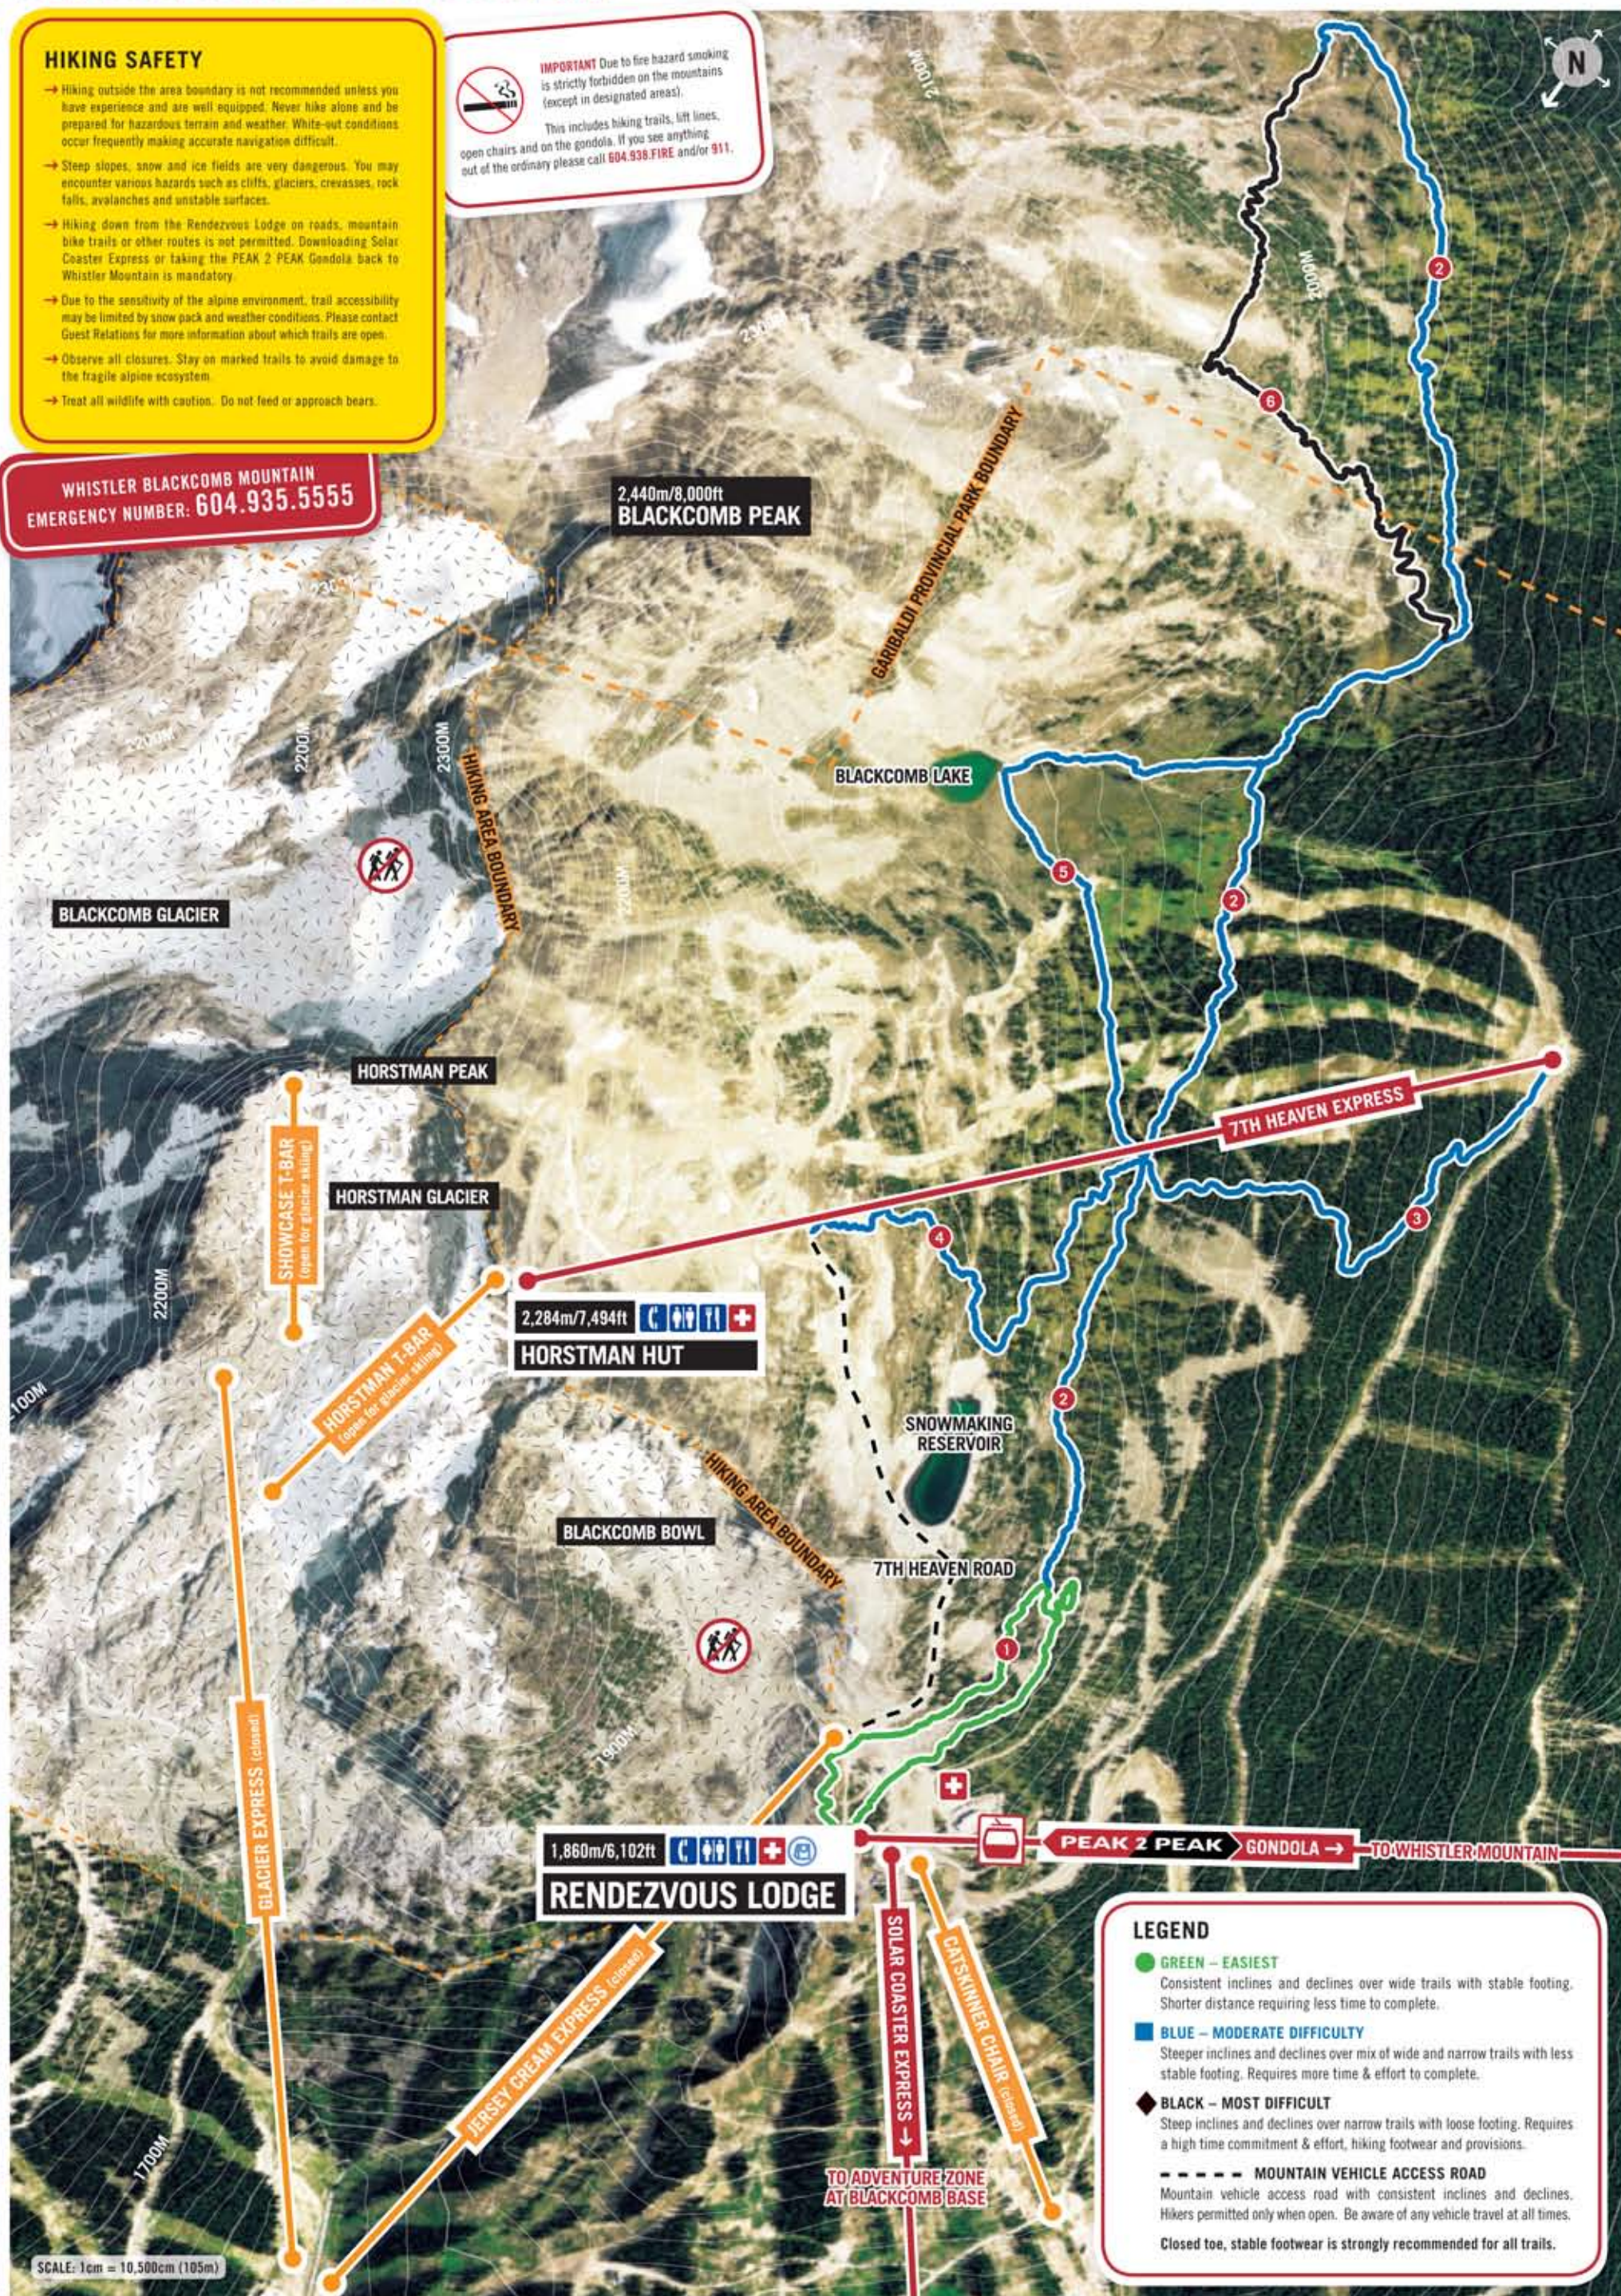

HIKING SAFETY

- Hiking outside the area boundary is not recommended unless you have experience and are well equipped. Never hike alone and be prepared for hazardous terrain and weather. White-out conditions occur frequently making accurate navigation difficult.
- Steep slopes, snow and ice fields are very dangerous. You may encounter various hazards such as cliffs, glaciers, crevasses, rock falls, avalanches and unstable surfaces.
- Hiking down from the Rendezvous Lodge on roads, mountain bike trails or other routes is not permitted. Downloading Solar Coaster Express or taking the PEAK 2 PEAK Gondola back to Whistler Mountain is mandatory.
- Due to the sensitivity of the alpine environment, trail accessibility may be limited by snow pack and weather conditions. Please contact Guest Relations for more information about which trails are open.
- Observe all closures. Stay on marked trails to avoid damage to the fragile alpine ecosystem.
- Treat all wildlife with caution. Do not feed or approach bears.

IMPORTANT Due to fire hazard smoking is strictly forbidden on the mountains (except in designated areas). This includes hiking trails, lift lines, open chairs and on the gondola. If you see anything out of the ordinary please call 604.938.FIRE and/or 911.
